Please notify the Secretary Jessica Keast by Monday midday if unable to attend.

M: 0429922296 (text preferred)

AUGUST: MEMBERSHIP & CLUB DEVELOPMENT

Members Perspective: Twenette

August is a good month to Celebrate our Rotary Club, our Members and the good we do in our Community and around the world.

If you haven't recommended a new Rotary member yet during this Rotary year, now would be a great time to get started.

Membership Development is a function of recruiting new members, as well as retaining existing members.

Club Development plan helps clubs establish a more sustainable long term vision and structure, that can further support the development of the club within the local community. This development plan is an essential tool to map out the direction that the club aspires to go in.

Do good in your community,
Make new friends and have fun

The Four Way Test

Is it the Truth?

Is it Fair to all concerned?

Will it build Goodwill and Better
Friendships?

Will it be Beneficial to all concerned?

Captains Log-Star Date 020824

Hello Rotarians !

The first month of my second term as President has been quite busy! We have now started our new project based at Chinderah Scout Hall, called "Breakfast Brothers" We have teamed up with the Chinderah Hub and Anglicare to provide a BBQ style breakfast on the second and fourth Tuesday of the month . We have run two sessions so far and they have been very successful. Anglicare have been suitably impressed and have now offered us the opportunity to run a similar project for local ladies, where we will provide coffee/tea and a light lunch on the first and third Tuesday of each month. I will give more information on this in future editions of the bulletin.

I'm very pleased to say that our speakers calendar has filled up nicely and we have all available dates going up to Christmas fully booked . Please support the club by attending whenever you can, and of course bring along potential members. This is vital if we are to grow the club membership, which is one of my main aims this year. At the last club meeting we heard from Col Lee from Ballina club on how they approached the issue of Corporate Membership and this is something that we will do in the near future. Watch this space!

Please do also support the social events that Geoff Price has organized and these are listed in the club calendar.

We have a Bunnings sizzle booked for Saturday 14th September and Alister will be grateful to hear from you if you can help, please let him know whether you can do am or pm shift.

Clive Rimell
President

Community Projects & Fund Raising Events

Community Projects

Please contact Geoff to let him know if you are interested in attending the two planned functions in the months of September and October

Other ideas include:

Support CCT's Melbourne Cup Luncheon

Late NovemberPossible trivia wine and cheese evening

'Overall, social integration, the number of close friends and relatives, and membership in a voluntary association have positive impacts on mental health.'

NSW Health

Rotary Foundation

Pukatja is an extremely remote indigenous community in South Australia. It experiences kidney disease at a rate fifteen times higher than the national average.

With the nearest treatment facility about 1,000km away, dialysis entails relocation, far away from the patient's support network of family and community – a devastating blow, especially for someone already suffering the trauma of serious illness.

Delivering treatment closer to home results in dramatically better health outcomes, reduced economic and community impacts and reduced need for ancillary services, such as social workers and interpreters.

The Rotary Club of Waikerie, along with numerous Clubs and Districts, from Australia and the USA, funded the A\$200,000 purchase of the medical equipment to set up a dialysis facility in the far northwest of the state. They partnered with the WDNWPT Aboriginal Community.

The Rotary Foundation provided A\$70,000 in Global Grant funding.

Youth

Club Youth Director Val Haywood has been busy visiting local schools seeking attendees for RHYTS and the Engineering Summer School (ESS) in Sydney which is run by Engineers Australia. A former RYTS participant Isis Fry has contacted Val saying she would be interested in attending RYLA in January.

The ESS will be held in Sydney from the 1st -6th December and it appears that that there has been an expression of interest from a student at St Josephs College.

Recently Val facilitated the attendance of 15 students from Banora Point High School, Tweed River High School and Eleanora High School to attend the Santos Science Experience (SSE) which was held at Griffith Gold Coast University between the 2nd -5th July. The club partnered with the RC of CCT to ensure all 15 sponsored registrations were used.

The science teacher for Banora Point High School attended on the day and has sent the photos to the club that he took throughout the various sessions....(refer to Photo Gallery on the next page)

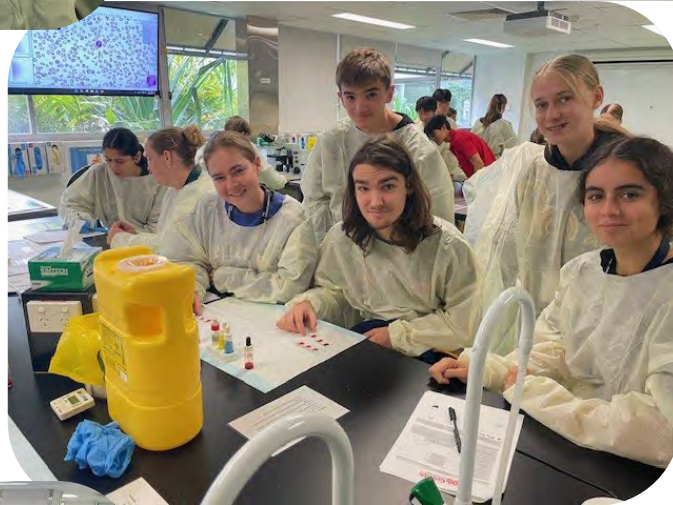

Please Note: permission has been approved by both the parents and the school to print these photos in the Bulletin

Photo Gallery

SANTOS SCIENCE EXPERIENCE

Involved students from Banora Point High School under the expert guidance of scientists, engineers and health professionals at Griffith University 2-4th July. Speaking with students they all enjoyed the experience and it was worth leaving school at 7am to travel up to the University for the daily science sessions.

"The mind is not a vessel to be filled, but a fire to be kindled." - Plutarch
